9 CONNECTU LLC,

10 Plaintiff,

11 v.

12 MARK ZUCKERBERG, et al.,

13 Defendants.

NO. C06-1640JLR  
Related to: D. Mass.  
Case No. C04-11923-DPW

ORDER OF DISMISSAL

14  
15 Non-parties John Taves and Pacific Northwest Software (collectively, the “Non-  
16 parties”) brought this action via a motion to quash subpoenas duces tecum served on them by  
17 Defendants in a case before the United States District Court for the District of  
18 Massachusetts, *ConnectU LLC v. Zuckerberg*, No. 04-11923-DPW. The underlying District  
19 of Massachusetts case was dismissed without prejudice for lack of subject matter jurisdiction  
20 in March 2007 and is presently on appeal. In March 2007, Plaintiff filed a new case against  
21 Defendants in the same district, *ConnectU LLC v. Facebook, Inc.*, No. 07-10593-DPW.

22 The Non-parties have informed the court that any future motions to quash subpoenas  
23 duces tecum would be brought under a new cause number related to the second *ConnectU*  
24 case. Because there are no issues in this matter remaining to be determined, the court  
25 DISMISSES this action and all claims asserted herein without prejudice and without costs to  
26 any party.

1 DATED this 12th day of December, 2007.
